Memo to the File:

Subject: Process/Waste Code RCRIS Updates/Changes

Per the attached request from Bob Stewart, RCRA Branch, and MDNR, the RCRIS Missouri Regional database process/waste code information was updated in sources S, E, and A (if a source A existed in the database) for the facilities listed.

If source A did not exist for the facility, source E and S were updated only.

Janice,

1/12/94

The following data elements were identified as errors when MDNR and EPA reviewed the NCAPS rankings in Jeff City Dec 14-15. Both parties agreed to these changes at the meeting, and there's no need for change forms on these items. Please make these changes before the merge tomorrow night.
